

Paytronix iPad Merchant Processor Hardware Requirements

Merchants must adhere to the below hardware and version requirements for the iOS application to process transactions. If the below hardware is not purchased and used, Paytronix cannot guarantee successful transactions. Paytronix **does not** provide hardware or any other equipment to merchants and stores. Merchant headquarters or corporate is responsible for purchasing hardware for stores prior to installing the Paytronix application. A merchant lab is highly recommended prior to rollout. Hardware prices may vary.
